System of Play: The Mixed-Doubles Cup will be played with 18 teams in a round robin format with 3 groups of 6 teams and playoffs with 8 teams. All games are 8 ends with an extra end if needed. In case of a blank end in the extra end, the team without the hammer in that end wins the game. All games will be played according to the WCF rules. There is not time limit. Please don't delay your games.

Last Stone Draws (LSD): Prior to each game there will be a five minutes practice for both teams. First named team in the draw has first practice and will play the yellow stones, second named teams has second practice and will play with red stones. Directly after the five minutes practice the Last Stone Draw followed. First rock clockwise, second rock counter-clockwise. Stones covering the button will be scored 0,00 cm. No two point measurement. Stone that do not finish in the house are recorded as 185,4 cm.

Choice of stone placement: Prior to the first game a coin-flip will determine which team has the choice of stone placement. For all other round robin games the team with the better LSD from the last game has the choice in the first end. The team without first end choice has the choice of stone colour. For all playoff-games the higher ranked team in the overall-ranking will have first choice or choice of stone colour.

Ranking in the group: 1. Win/Loss record 2. Head to head result(s) 3. DSC (the single least favourable result is automatically eliminated when calculating the average distance).

Playoffs: The Top 2 teams in each group are directly qualified for the quarter-finals. Also qualified for the quarter-finals are the Top 2 of the three third placed teams in each group (1. Win/Loss record 2. DSC).
