## **Games Program**

## Welcome Word

Dear curlers, coaches, guests and friends of our sport

On behalf of Curling Club Wetzikon we wish you a hearty welcome to the 26nd International ZO Women's Curling Tournament. One week prior to the European Championships - this year held in St. Gallen from 17 to 25 November - an exciting field of participating teams from 9 countries on an international top level will compete in Wetzikon.

We would like to say thank you to all the players - the most important actors during our tournament.

Special thanks are addressed to all our sponsors, especially to the "Zürcher Oberländer", our main sponsor. Without their kind support we would not be able to hold such a first-class tournament.

The organization committee is pleased to welcome you either as a participant, coach or visitor in the biggest curling centre in the region of Zurich and wishes you good times with thrilling games, interesting conversation and valuable experiences.

Physical well-being is catered as well: Our Curling Pub is open during the whole event, offering drinks and food to everybody.

## Mode of Games Round Robin

The 21 nominated teams are divided into 3 groups of 5 teams and 1 group of 6 teams. All games are played 8 ends with additional end if necessary to decide a winner.

All teams play a full round robin within the group (4 or 5 games). The group arrangement and the draws have been made by the game master. Before the first round all teams have 10 minutes practice time and must play a Last Stone Draw (LSD) immediately after practice. The first named team starts practice with the blue stones.

After each round a LSD has to be played too. The LSD is used to decide the right of the last stone for the following game. The measuring will be made by deputies of the organisation committee, according to WCF rules. The results of the LSD will be published.

In the event of a tie in a game an extra end will be played. In the event of the score remaining tied after the extra end the following LSD decides the winner.

## Ranking after Round Robin

The team ranking procedure will be done according to the WCF rules of play. If the ranking is not possible based on points and direct games the LSD results (DSC) call in. There will be NO Tie-Breaks. Rank 1 and 2 of each group qualify for the final round, all other teams drop out.

## Mode of Games Final Round

The finalists play quarter-final, semi-final and final on Sunday. In the final round extra end(s) will be played to determine the winner. The quarter-final draw will be A1 vs. B2, C1 vs. D2, B1 vs. C2, D1 vs. A2. The right of the last stone in the quarter-final goes to the team which won the group. In the semi-final and final the right of the last stone goes to the team with the better DSC.

### Other Rules

All teams must start with four players delivering stones in the first game. The first named team in the draw will throw the blue stones. A minimum of 5 ends must be played in all games.

During the games all measurements will be completed by the persons in charge of the house. In case of inconsistency a games' official can be called.

Basically there is no time limit for the games. Anyway the teams are required to observe the game time of 2 hours. In the event of a game being behind time the games' supervisor has the right to intervene and request an improvement in the game time.

Brushes:

At the 26th international Women's Curling Tournament in Wetzikon, the current rules of the WCF and the CCT-Tournaments are binding. The umpire will interfere only if asked by a team that the rules are not being adhered to. Beside this, "spirit of curling" is in effect.

All decisions of the game master are final

### Closing

On behalf of Curling Club Wetzikon we thank for the participation and we are looking forward to thrilling games on top-level.

All the participants of the European Championship next week we wish success and all teams we wish a good curling season.

We are looking forward to a successful curling weekend and we wish all of you good games.
